TESTIMONIALS:

VARUN GOWDA

AIR - 462, UPSC CSE 2025

“Hi sir, Good morning.

Got 116 marks in essay this year, in 2023 I had got 101 marks and I have increased 15 marks this time, which is a phenomenal feat because of the decisiveness of essay paper in determining the rank and service. Most of my mains scores are quite underwhelming but I got good essay and interview scores (195) due to which I got a good rank of 462 and maybe IPS Service sir.

You played an important role in my rank because you were in touch with me everyday during mains and after mains for interview prep too.

I am very grateful to have a mentor like you not just for UPSC but for life in general sir.

Thank you for always believing in me and pushing me to achieve what I did sir.”

SIMRANDEEP KAUR

AIR 15, UPSC CSE 2025

Thankyou Fareed sir

I could never have secured a rank in the UPSC without your guidance. Your dedicated, student specific and kind hearted guidance, I was able to maintain a positive mindset throughout my journey, even after three failed attempts.

Thank you, sir, for keeping tabs on my progress and directing my efforts toward the right approach at every stage. You consistently monitored my test performances and checked in on how my GS and Optional papers were going. For any problem I faced, I always had a door to knock on.

Your mentorship has been like a compass, to navigate in the bottomless world of this exam.

“Hello everyone. I was a part of Farees Sir's essay program. Sir's approach towards essay writing, valuable feedbacks and emphasis on clear expression helped me score 120 marks in CSE 2025. Sir works on every person's unique capabilities and helps in refining the arguments.

He helped me widen my horizon in generating multidimensional arguments and enrich my writing skills by incorporating myriad value addition points from various books, poetry by stalwarts and excerpts from enriching sources.

I am thankful to Farees Sir for helping me out in the essay paper.”

JASWANTH SRI JEENU CHADRA

AIR 22, UPSC CSE 2025

A huge thank you sir for your guidance in the essay paper. My score has improved from 99 to 109 thanks to your efforts. Though the improvement was only 10 marks, each and every mark was crucial to secure this rank. Also at a personal level, I could feel my essay writing improve significantly thanks to your essay classes.

However, I feel the best part was your 1 on 1 evaluation offering personalised feedback. I remember submitting almost 3-4 essay tests in the last 10 days and even amidst huge workload, u ensured to evaluate them within 1-2 days offering live personalised feedback on call. This helped me to fine tune my essay writing in the last few days and ensure that your suggestions were implemented.

Also my personal observation while being a part of your course was that you always ensured a personal touch and genuine sense of care for the aspirants which is becoming increasingly rare in today's coaching arena driven by purely commercial motives. The aspirant community needs more teachers like you. So once again thank you sir for all your efforts.

“Thank you, Farees Sir, for everything. Essay writing did not come naturally to me, but your methods helped me understand topics better, structure my thoughts effectively, and eventually score well enough to secure AIR 205. I will always remain grateful for your passionate guidance, mentorship, and genuine care throughout the journey.”

AIR - 4, UPSC CSE 2024

I was a student of essay edge course 2024 conducted by Farees Rahman sir, the skill enhancement classes by sir helped me discover different approaches of writing an essay with a proper structure and a proper framework. I also got rid of the PESTEL approach, which was necessary to bring a proper flow in my essay. Also, the expertise enhancement classes helped me express myself in a more effective and concise manner, which is the demand of the UPSC essay paper.

DIYA DASGUPTA, IPS.

AIR 207, UPSC CSE 2023

With respect to essay, and I've told this to Farees Sir like umpteen number of times, you know, this was a game changer for me when I started talking to Farees Sir and starting his guidance for essay which resulted in a very good **score of 128**. The USP of this entire course is Farees sir. Similarly, I had a tendency of concluding a little abruptly. So time and again with his one-on-one feedback, he had demarcated a point in my paper. So this very precise to the point like hitting the bullseye suggestion with respect to your essay is what Farees Sir will do.

NELATURU SREEKANTH REDDY

AIR 151, UPSC CSE 2024

Sir has a very scientific way of approaching essay.

People say that there's nothing we can teach about essay in a streamlined way. Against that perception, so this approach towards essay edge divides essay into different parts, and he'll help us to structure each part effectively, starting with respect to the introduction and the conclusion and the body. And throughout the exercises, sir will pick up each part of the essay.

He'll help us to write it as effectively as possible. As part of classes, I still remember having a lot of class exercises, where sir not only gives us the topic or tell us something rather, he'll also make us think then and there and give our answers. So sir classes are also known for being very interactive, and essay being a paper where you have to put forward your thoughts in a personalized way and unique way.

And I think that approach of very interactive classes is something that helped with respect to bringing different dimensions then and there in the class for the different topics that sir was explaining in the class. So once the introduction is done, sir will help us to write the core argument, which is like heart and soul of the essay. He'll help us to understand what exactly is the core argument, what you should write, how you should link it with the major topic and the introduction.

And once structure is done, then he'll help us in coming up with the different dimensions to write in the body, dimensions, counter dimensions, unique examples. And one major thing is along with explaining different aspects in silos, he'll also help us to interlink them in a very smooth way. For Essays, ethics and mentorship, Farees sir is the absolute best!

TANISHI KALRA

AIR 386, UPSC CSE 2024,

I honestly don't know where to start—this rank wouldn't have happened without you. From clearing doubts to calming nerves, from explaining concepts to sharing life lessons, you've been so much more than just a teacher.

Your support throughout my UPSC journey has been nothing short of a blessing. Your words often stayed with me. Thank you for being more than just a teacher—for being a mentor, motivator, and a constant pillar of strength. This rank is as much yours as it is mine. I am grateful for a good essay score of 111.

With deep respect and warm regards.

AIR - 354, UPSC CSE 2022

Sir was From the very first essay for the person who's never written any other essay, Sir started pointing out my strengths in those essays and how I can improve it further and every time Sir picked up one thing.

He didn't give me 10 different feedbacks to work on at a single time. Sir used to pick up one thing, maybe like the flow of my essay or the content in it, conclusion. So, he used to pick up one thing like that and make sure that I work on that thing alone, improve it sufficiently and then once that was sorted, he would move to our next aspect of the essay. I think seven or eight people in the mentoring group, Sir ensured that with each person so closely mentored all of us, he had seen the way we write essay like over I think one or two years and based on all those experiences, Sir would tell. Sir clearly knew how we write an essay, what kind of persons we are, the style we had and based on those individual skills, Sir used to try to help us improve and I think that is very important that customized and personalized feedback really made me focus on what I need to improve on, what I need to work on and I really would like to thank Farees Sir with all my heart. I think Farees Sir was the sole sole reason for me to get a very score of 130 in Essay.

TEDLA SAI PRANEETH,

ESSAY SCORE 138 IN 2023

In my earlier attempt, the score in essay I got was 100 marks.

There I used to write horrible essay. I don't know how to structure and everything. So after I joined the essay edge course by Farees Sir, I understood how each part of the essay should be tackled properly starting from introduction, core argument, body and conclusion.

After every essay, Farees Sir used to tell me some inputs on which I used to work upon and this has consistently led to improvements in every aspect which ultimately led to my score improving from in 2020 to 100 to 138 in 2023, which is one of the highest marks. So I attribute mostly this for the efforts of Farees Sir, which he put so that I'll get my personalized inputs. It's not like he'll be suggesting a systemized input for everyone.

He'll be giving a personalized input. It also reflects your originality and that is the actual quality of essay edge course by Farees Sir.

KANNEDHARA MANOJ KUMAR,

IPS 2022 -

"Farees sir was and is my Dronacharya and my Pir(guide). Sir is always available and pushed me beyond my limits. It is Farees sir who guided me then to transform from an aspirant to an officer..."

NEETI AGARWAL,
